The excellence of steel, the softness of design

The handle is the very soul of the faucet, a sculptural piece defined by ergonomic lines meticulously crafted to follow the hand's natural motion. From the pencil of Gabriele and Oscar Buratti comes a form that invites the touch, an iconic element that anchors the unique character of a collection designed to evoke emotion.

La maniglia è l'anima del rubinetto, un oggetto scultoreo dalle linee ergonomiche studiate per accompagnare il movimento della mano con naturalezza. Dalla matita di Gabriele ed Oscar Buratti è nata una forma che invita al tocco, un elemento iconico che definisce il carattere unico di una collezione pensata per emozionare.

La poignée est l'âme même du robinet, une pièce sculpturale aux lignes ergonomiques, méticuleusement façonnées pour épouser naturellement le mouvement de la main. Née du trait de Gabriele et Oscar Buratti, cette forme invite au toucher, élément iconique qui signe le caractère unique d'une collection conçue pour susciter l'émotion.

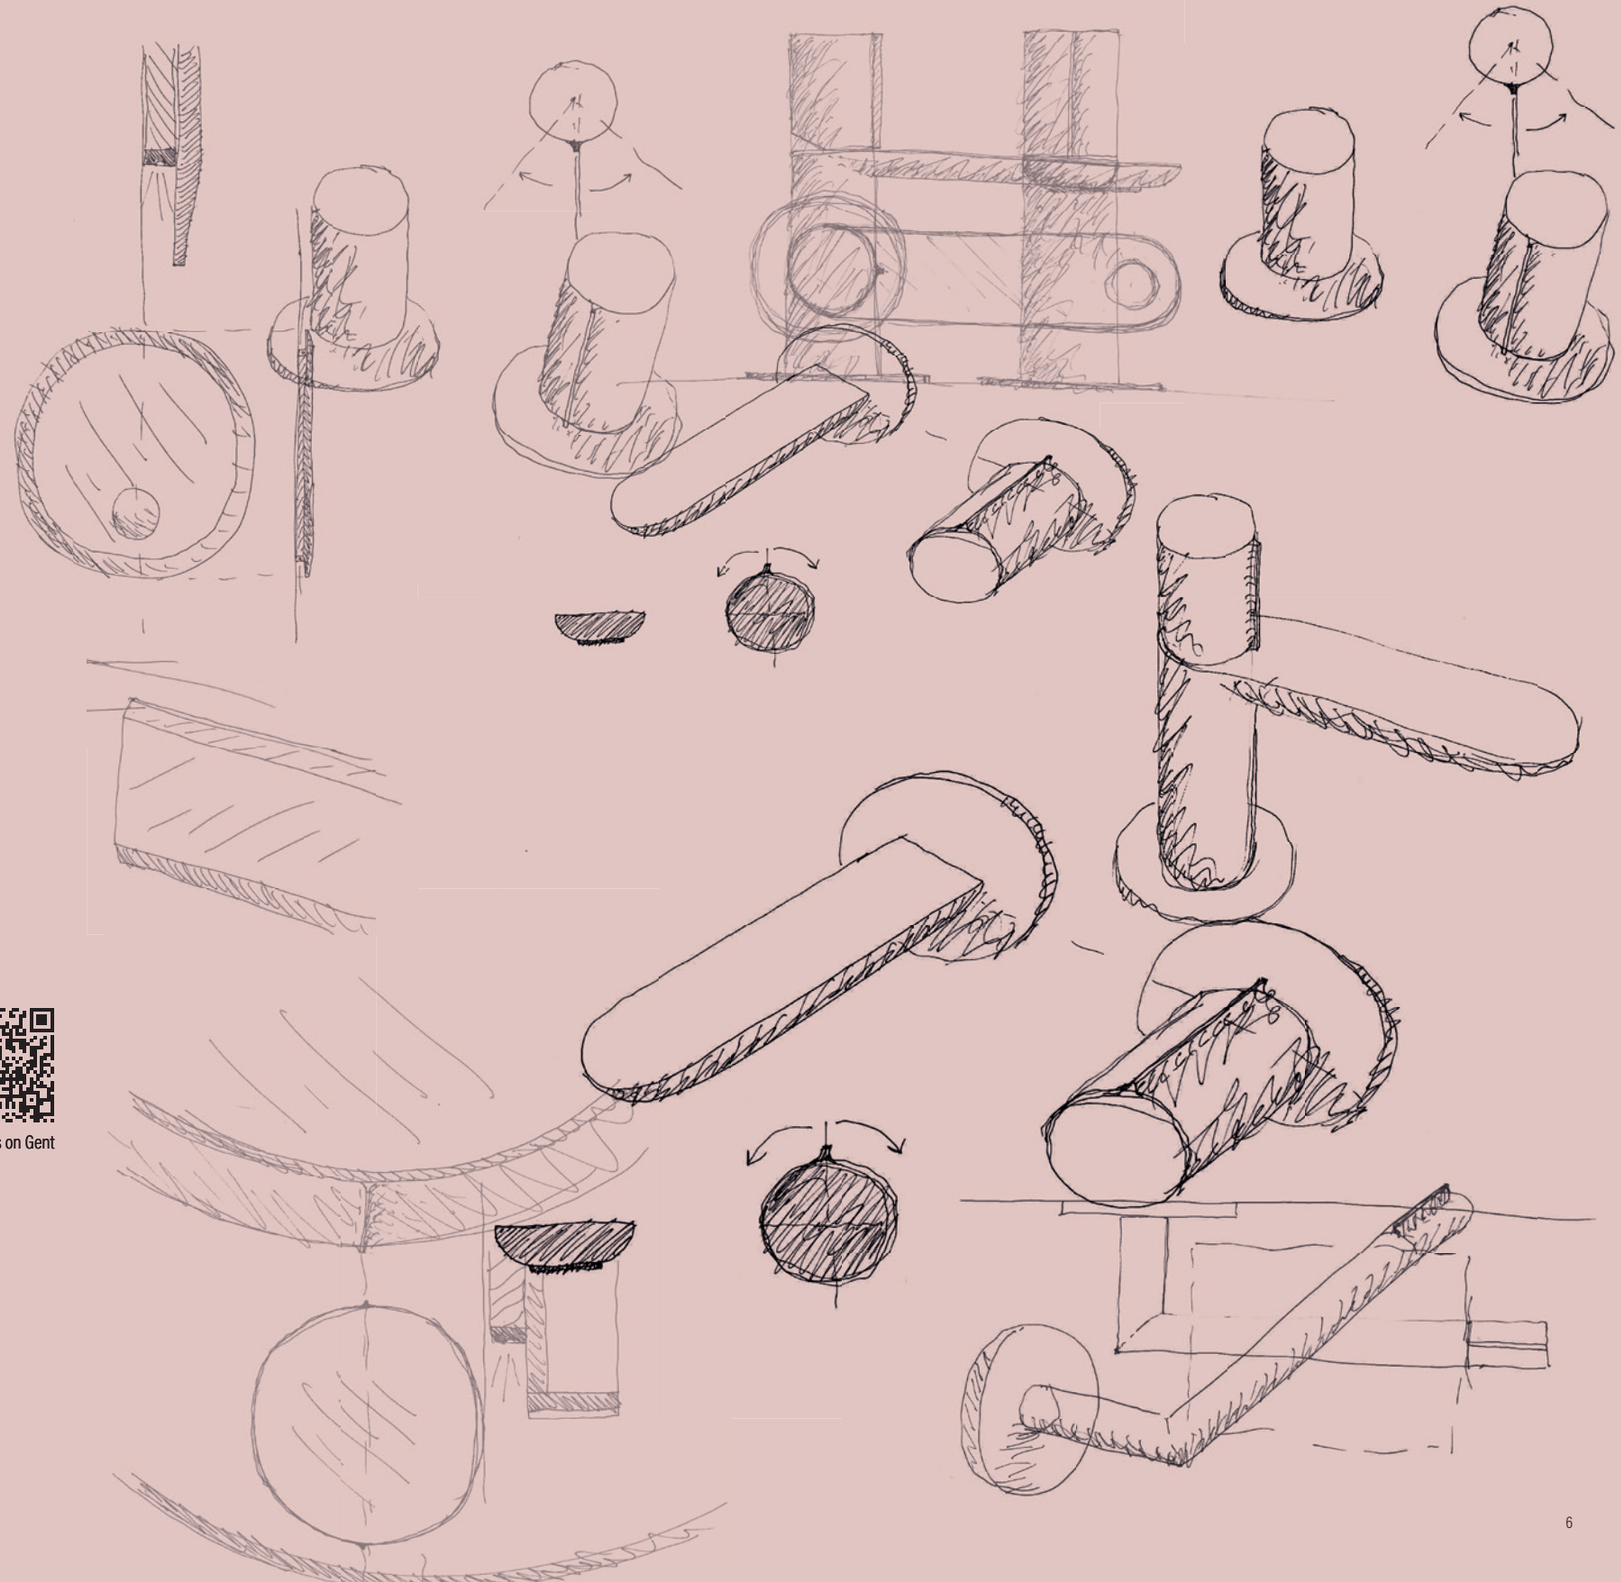

Der Griff ist die Seele der Armatur – ein skulpturales Objekt mit ergonomischen Linien, die entworfen wurden, um die Bewegung der Hand mit natürlicher Leichtigkeit zu begleiten. Aus der Feder von Gabriele und Oscar Buratti entstammt eine Form, die zum Berühren einlädt: ein ikonisches Element, das den einzigartigen Charakter einer Kollektion prägt, die darauf ausgelegt ist, Emotionen zu wecken.

La maneta es el alma misma del grifo: una pieza escultórica de líneas ergonómicas, concebidas para acompañar el movimiento de la mano con naturalidad. Del trazo de Gabriele y Oscar Buratti nace una forma que invita al tacto, un elemento icónico que define el carácter único de una colección diseñada para despertar la emoción.
